

The UDG Ultimate Laptop Stand is a portable and compact laptop or desk stand; ergonomically designed & built for universality with ruggedness & reliability in mind. It is the perfect stand for supporting DJ equipment like laptop, controllers, mixers etc. Constructed from solid steel with a scratch resistant powder coating, it features non-slip supporting arms & can be assembled/dissembled easily.

This table desk stand has 4 line-it-up bars with 2 supporting bars for perfect adjustability providing 4 height alignments to an ideal setup for comfort and convenience. Set it low for a minimum clearance of 6.75" or set it up to a high of 11.5". The 10.75" long supporting arms holds equipment with a width of up to 9" and adding the included extensions, it can be extended to fit that extra wide 17" laptop or other gear.

Finally, with its open design, The UDG Ultimate Laptop Stand ensures your laptop or other devices is well ventilated thus reducing the risk of overheating.
